<b>Project Start Date:</b> March 2007	<b>Date of Project Status Update:</b> October 2009
<b>Actions Since Last Update:</b> <p>The basis of the training and outreach events, the solar resource assessment modelling for Rajasthan, is underway. The Indian Meteorological Department has collected one year of ground data for model validation, which is being transferred to the US collaborating institutions. The capacity building workshop in the US is scheduled to take place July 28 – August 6 at the National Renewable Energy Laboratory; this was postponed due to scheduling conflicts. This workshop will be attended by Indian scientists from the Solar Energy Centre and the Indian Meteorological Department and will involve technical collaborations with U.S. counterparts from the State University of New York at Albany and the National Renewable Energy Laboratory. Finalization of the GsT is expected by September upon successful completion of the solar RA and data collection from Indian collaborators. Possible outreach events for fall 2008 are being explored, including the International Conference on Renewable Energy in Chennai in October 2008.</p>
